MOEYC&LS — DDME TCI **RELATIONSHIP**

Institutional arrangements and programming

- Multi-sectoral partnership (NDMA, UNICEF, EU, Social Development, Red Cross, Community College and other line Dept.
- Mutual Technical support
- Identification of EiE focal points
- Multi-visit of supporting agencies like; UNICEF, CDEMA
- Introducing PPP

Success factors in advancing the collaboration

- Human Resource support by UNICEF
- Implementing CSSSP guideline
- Preparing SDMP
- DRR in School Curriculum
- Institutionalizing the planning process
- Disaster preparedness exercise
- Safe School declaration for ensuring political commitment
- Interaction with elected representatives
- National level consultation on mainstreaming DRR

Challenges

- Availability of Technical support is limited
- Communication
- Establishment of an early warning system
- Absence of a Disaster Risk Reduction Resource Center

Lessons and recommendations to strengthen resilience building in the education sector including any considerations for enhancing the Regional Roadmap

- Exposure visit
- Training center linking to academia
- Increase in the duration of activity

CSSSP GUIDELINE; major components considered in TCI are;

Safe School facilities and school environment, Protection from violence and other forms of abuse including ECD and DRR

Thank you
