

HURRICANE?!

www.weready.org

The hurricane season is from June 1 to November 30.

Plan a place to meet your family in case you are separated during a disaster.

Don't be fooled if there is a pause in the wind. It could be the centre of the storm, called the eye, and the winds will come again.

Be sure to **STAY INDOORS** during a hurricane. You could be hit by flying objects.

Hurricanes are known for their destructive winds, storm surges and high levels of rainfall which may cause flooding.

A storm surge is like a giant wall of water pushed onshore by hurricane winds.

Always have your **Survival Kit** prepared and stocked with items that have **NOT** expired.

1 PREPARE
YOUR HOME & SUPPLIES WELL IN ADVANCE

2 PROTECT
YOUR LOVED ONES BEFORE, DURING & AFTER
